Dear Student,

Sub: Permission to do final year of B.Tech (7th & 8th Semester) at IITM
during July-November 23 & January-May 24 under Student Exchange
Programme for Direct PhD Programme (Provisional)

We are pleased to invite you to join at IIT Madras for Direct PhD Programme provisionally in the Department of **Mechanical Engineering** and you are permitted to do your final year of B.Tech (7th & 8th Semester) at this Institute. You have been assigned **Roll No. ME23E003**.

Prof. Ratna Kumar Annabattula, Mechanical Engineering will be your mentor.

You will be provided accommodation in one of the Hostels on payment basis (approx. Indian **Rs. 32,450/-** per semester). You have to bear the normal living expenses, boarding, lodging and travel expenses. You have to pay the tuition fee to **NIT, Trichy** during the first year of stay & Institute fees of **Rs.10,800/-** to IIT Madras. After the successful completion of the B.Tech requirement at your parent Institute, you will pay the tuition fee appropriate for PhD Scholars as per regulations of IIT Madras.

You have to earn the minimum CGPA of 8 in each of the first two semesters at IITM to become eligible to continue in the Direct PhD Programme. Otherwise, you will be transferred back to **NIT, Trichy**, along with credits earned.

You are not eligible for Campus placement through IITM at the end of the first year of stay at IIT Madras.

---	--	---

:2:

Credits earned during first year at IITM shall have equivalency to the credits needed for the 4th year of the B.Tech Programme at NIT Trichy. The credits will be transferred to your parent institution for award of B.Tech Degree.

If you are selected for PhD Programme you are eligible for HTRA for the five years after completing your first year of stay at IIT Madras subject to the rules governing HTRA.

Yours Sincerely

ASSISTANT REGISTRAR (COURSES)

Cc: The Dean, NIT Trichy, /

Prof. Ratna Kumar Annabattula, Dept. of Mechanical Engg. - the students will come under the preview of guideline given in the PhD Ordinances and Regulations once they complete the requirement of a B.Tech degree.
