Position Title: Project Intern

Start Date: 20-May-2025

End Date: 20-Jul-2025

Salary/Stipend*: Rs. 15,000/- per month (pro-rata)

*Stipend excludes food & accommodation cost.

*Food and Hostel accommodation is provided at IITM hostel is free.

Reporting Faculty Advisor: You will be reporting to Prof Anuradda Ganesh, Energy Consortium and can be contacted by email anuradda.ganesh@anuradda.com

Details of this Internship:

1. The Offer letter from Energy Consortium IITM, acceptance letter from their respective HOD, Photo of the candidate, and ID proof, must be shown while checking in at hostels.
2. During the internship you can opt to stay at IITM hostels. However, if you are planning your own accommodation, you can do so.
3. Your accommodation expense at IITM hostel is covered separately and you will not be charged for the duration of your internship or the said period.
4. For registering at IITM hostels, you must apply through the **ikollege iitm**, through "**others login**" category.
<https://ikollege.iitm.ac.in/iitmhostel/admission.do;jsessionid=C8E3BB9EAFD5096C6849F37E8DF47AE1?method=userlogin>
5. The intern must check in on weekdays only between 9am to 5pm & Saturdays till 12.30pm.

Code of Conduct:

- All projects conducted will require the students to submit a report and make a presentation to the Energy Consortium leadership towards the end of the internship period. The need for, and in such cases the format of, any external presentations or information dissemination will be determined by the project's faculty advisor.
- Any other reporting requirements will be directly determined by the faculty advisor assigned to each project.
- Certain projects may involve working in areas that provide exposure to IITM proprietary research and/or facilities. As a general practice the intern will not be allowed to disclose the details of such project work, therefore, for general dissemination, unless it is done in a planned fashion and in the form of publications or invited external presentations or through reports approved by assigned faculty advisor.
- All intellectual property generation and subsequent management would be handled according to the well laid out IIT Madras procedures.
- Academic integrity and scientific tenor, proprietary as well as appropriate levels of rigor are hallmarks of IIT Madras as an institute of Eminence and will be upheld at all times.
- Interns are expected to adhere to all IIT Madras ethics, policies, procedures and practices as can be found on our website: <https://www.iitm.ac.in/the-institute/administration/overview>
- Interns living on campus will have to adhere to all norms and practices as expected during campus living and can access more information at: <https://www.iitm.ac.in/campus-life/overview>

For any further queries, please contact Anita Clayton (ceooffice@ge.iitm.ac.in)

Thanks

Sincerely,

Asso. Prof. Satyanarayanan Seshadri
Department of Applied Mechanics
